As we are all aware, the Pennsylvania Bank barns in our area are quickly disappearing. We are attempting to catalog as many pre1900 barns in Northern York County as possible. Ultimately, the pictures and research will be held in the archives of the Northern York County Historical and Preservation Society(NYCHAPS). We would like to come out and, with you present, take pictures of the barn inside and out. We would also like to meet with the current owners and document as much history as possible concerning former owners and ideally who built the structure and when. If you want your pre1900 barn to be part of this project, please contact Richard Conley preferably at dbentz@riverlogicsolutions.com . If you can't do email, please leave a message at (717) 503 8821.
