If you are a new resident to Washington Township welcome. Please contact the office to make sure we have your correct information for our files.

If you have been a resident and have any changes such as a different phone number or a child who has reached the age of 18, please contact the office to make sure we have the correct information.

If you are a Landlord, please make sure you notify the office with your tenant information. If there is a change you need to contact the office within (20) days.

Also the beginning of every year, you need to verify the correct information.

There is an ordinance requiring this information to be given to the Secretary within twenty (20) days from the date of such occupancy, of ANY RESIDENT, eighteen (18) years of age or older.

Remember to check with the Zoning Officer to see if you need a building permit.

Swimming Pools do require permits.

Several residents have recently asked the Supervisors to consider an ordinance fining residents who blow grass clippings on to roads. While Supervisors are reluctant to adopt an ordinance, they are encouraging residents to use common sense and not blow grass onto the roads. Grass on roads can be extremely slick for motorcyclists, especially if it's wet, almost resembling ice. It also can wash and clog up storm drains which can cause drainage issues that might create excessive water on the roads. Lawsuits have been filed against property owners which involved accidents, where they claimed grass clippings created a dangerous situation.

PLEASE think of the safety of others and **BLOW YOUR GRASS** back into your own property!
